

Dear Parents,

We are excited to announce our 2nd session of Willard's MakerSpace Club! Our club inspires students to become participatory learners to uncover their talents, needs, and interests by making, producing, solving, creating, collaborating and thinking. We are currently accepting students in Grades 3 to 5 who are interested in joining our club for Session 2. Space is limited to 30 students! There will be additional sessions later this year.

**The club will run from 3:00-4:30 for an hour and half long class!**

### What is a Makerspace?

A Makerspace is a creative Do-It-Yourself physical space that provides hands-on, creative ways to encourage students to dream, design, build, experiment, learn and invent as they immerse themselves in science, technology, engineering, the arts and mathematics.

### Session 2 Club Dates:

- Friday, March 3rd
- Friday, March 10th
- Friday, March 17th

- Friday, March 24th
- Friday, March 31st
- Friday, April 7th

Your child will be dismissed by their classroom teacher and should meet us in the Willard Art Room. We look forward to working with your child.

Mr. Blois, Mr. Krokus & Mr. Ong

Please send payment along with the attached form below by February 15th.
